

22 February 2019

BlueRock Diamonds PLC ('BlueRock' or the 'Company')

Tender Results

BlueRock Diamonds PLC, the AIM listed diamond producer, which owns and operates the Kareevlei Diamond Mine ('Kareevlei' or the 'Mine') in the Kimberley region of South Africa, is pleased to announce the sales of the 8.97 carat diamond and the 16.28 carat diamond, recovered earlier this month as reported in the Company's announcements of 5 and 8 February 2019 respectively.

The 8.97 diamond achieved a price of \$8306 per carat valuing it at \$74,513 and the 16.28 carat diamond sold for \$4849 per carat valuing it at \$78,947.

Adam Waugh, CEO, commented, "We have sold two high quality 8.97 carat and 16.28 carat, D colour diamonds in the February tender, further strengthening our confidence in the potential of the Mine and the quality of diamonds it produces."

Notes to editors:

BlueRock Diamonds is an AIM-listed diamond producer which operates the Kareevlei Diamond Mine near Kimberley in South Africa which produces diamonds of exceptional quality and ranks in the top ten in the world in terms of average value per carat. The Kareevlei licence area covers 3,000 hectares and hosts five known diamondiferous kimberlite pipes. As at November 2018, it was estimated that the remaining Inferred Mineral Resource from the four kimberlite pipes (KV1, KV2, KV3 and KV5) represents a potential inground number of carats of 367,000.
