Notes to editors:

BlueRock Diamonds is an AIM-listed diamond producer which operates the Kareevlei Diamond Mine near Kimberley in South Africa which produces diamonds of exceptional quality and ranks in the top ten in the world in terms of average value per carat. The Kareevlei licence area covers 3,000 hectares and hosts five known diamondiferous kimberlite pipes. As at 3 September 2018, it was estimated that the remaining Inferred Mineral Resource from the three kimberlite pipes (KV1, KV2 and KV3) represents a potential inground value of circa US\$124 million at a current average run of mine diamond value of US\$362/carat.
