

20 September 2019

**BlueRock Diamonds PLC ('BlueRock' or the 'Company')**

**Sale of 10.6 carat diamond for USD103,000**

BlueRock Diamonds plc, the AIM listed diamond mining company, which owns and operates the Kareevlei Diamond Mine in the Kimberley region of South Africa ("Kareevlei" or the "Project"), is pleased to announce that it has sold a 10.6 carat diamond for USD103,000 (USD9,751/carat), in the September tender.

This is the sixth diamond that has been sold this year at a price of in excess of USD50,000 realising a total sale price of USD600,000 for these six stones.

The full tender results and production numbers for the quarter will be announced in the Q3 update, which will also include more details on costs along with updated guidance for FY2019.

**Mike Houston, Executive Chairman commented,** "I am pleased with the recovery and sale of yet another high value diamond which continues to underpin the increasing potential of the Kareevlei mine. I look forward to updating our shareholders in the Q3 2019 quarterly update."

**Notes to editors:**

BlueRock Diamonds is an AIM-listed diamond producer which operates the Kareevlei Diamond Mine near Kimberley in South Africa which produces diamonds of exceptional quality and ranks in the top ten in the world in terms of average value per carat. The Kareevlei licence area covers 3,000 hectares and hosts five known diamondiferous kimberlite pipes. As at November 2018, it was estimated that the remaining Inferred Mineral Resource from the four kimberlite pipes (KV1, KV2, KV3 and KV5) represents a potential inground number of carats of 367,000.
