BlueRock Diamonds PLC ('BRD' or the 'Company')

Production Update

BlueRock Diamonds PLC, the AIM listed diamond producer, which owns and operates the Kareevlei Diamond Mine ('Kareevlei') in the Kimberley region of South Africa, is pleased to announce that it has resumed production at Kareevlei.

During the last 10 days, the Company has agreed rental terms on a replacement crusher and has an option on a long-term hire at de minimis rates. The fault on the Company's own cone crusher has been identified and is being assessed.

As previously announced, the Board believes that changes made to the crushing circuit will positively impact the plant's performance, improving throughput rates. The Company will provide an update to the market in its July Quarterly Statement.

Market Abuse Regulation (MAR) Disclosure - Certain information contained in this announcement would have been deemed inside information for the purposes of Article 7 of Regulation (EU) No 596/2014 until the release of this announcement.
