BlueRock Diamonds PLC ('BlueRock' or the 'Company')**High quality 14.3 carat diamond discovered**

BlueRock Diamonds PLC, the AIM listed diamond producer, which owns and operates the Kareevlei Diamond Mine ('Kareevlei') in the Kimberley region of South Africa, announces the discovery of a 14.3 carat stone, the third high quality large stone in August to date.

Mike Houston, Executive Chairman said, *"I am delighted to report the discovery of another high quality and high value diamond, a 14.3 carat stone.*

"The discovery of this diamond, which swiftly follows the discoveries of a 58.6 carat and a 21.6 carat stone in the past few weeks, provides further encouragement for the 'size frequency distribution forecast' that indicate our pipes should deliver large carat diamonds.

"I look forward to reporting on the realised value for these three exceptional stones following the conclusion of the August tender at the end of this month."
